- Provided advice to the City of Vaughan about possible property arrangement options for the proposed development of a private park, including: ownership by the developer of land that would be leased to the City for the use of the park; the granting of an easement by the developer to the City, but with the developer using, operating and maintaining the private park; and strata ownership, under which the developer and the City would each have ownership of portions of the lands.
- Acted for the City of London, the City of Oshawa and the City of Guelph in their development of downtown sports and entertainment centres.
- Acted for the Liquor Control Board of Ontario (LCBO) in its acquisition by a joint venture among Menkes Developments (Menkes) and Greystone Managed Investments (Greystone), with Triovest Realty Advisors (Triovest) acting as advisor to Greystone, of its head office lands, centrally located in downtown Toronto, for \$260 million following an open and competitive procurement process managed by Infrastructure Ontario.
- Assisted Town of Aurora in the negotiation and preparation of various purchase and sale agreements, as well as acting for the Town on the completion of the transactions. Also assisted in the negotiation and preparation of various agreements.

In addition, we acted in connection with the \$6.5-million acquisition financing from Budochrist Credit Union Limited.

- WeirFoulds acted for one of the four original partners that developed the new urban community known as Cornell in Markham. We represented this partner with respect to the partition of the majority of the Cornell lands among four partners.
