

Start-Ups

Businesses that encompass the thriving start-up community require legal advice from lawyers with extensive expertise assisting entrepreneurs and high-growth companies in all areas of corporate and securities law, in order to build a solid foundation that will allow them to realize their full potential.

WeirFoulds frequently works with entrepreneurs and owner-operators in high growth markets to support their business objectives. Our combination of personal service, our pragmatic approach and transparent accountability is highly valued. We are recognized for our strength in mid-market, corporate and private equity/venture capital, and are organized in a business model very similar to many of our clients who are looking for responsive and comprehensive legal services.

We steadfastly believe that combining innovation, creativity and the know-how of our lawyers with their business and negotiating acumen, generates outstanding service that our clients truly appreciate.
